

VIOLA GOODACRE

Raleigh, NC, USA

EDUCATION

University of North Carolina at Chapel Hill Chapel Hill, NC, USA Doctor of Philosophy (PhD) in Health Informatics	Aug 2024 – Present
University of North Carolina at Chapel Hill Chapel Hill, NC, USA Internship Report – Well-being Deep Dives at UNC Medical Center	May 2021 – May 2023
Wake Technical Community College Raleigh, NC, USA Non-degree – Statistical Methods I; Statistical Methods II	Aug 2020 – May 2021
University of Central England Birmingham, UK Master of Science (MSc) in Software Technology Awarded Distinction	Sep 2003 – Feb 2005
University of Central England Birmingham, UK Higher National Certificate (HNC) in Multimedia and Network Technology Awarded Prize for Outstanding Achievement	Nov 2001 – Jun 2003
Wolverhampton University Wolverhampton, UK Postgraduate Diploma (PgDip) in Biomedical Science	Sep 1995 – Jun 1998
Oxford Brookes University Oxford, UK Bachelor of Science (BSc Hons.) in Human Biology	Sep 1990 – Jun 1993

EXPERIENCE

Graduate Research Assistant UNC School of Data and Information Sciences Chapel Hill, NC	Aug 2024 – Present
Intern UNC School of Medicine Chapel Hill, NC - Utilized systems analysis methods to identify work system factors contributing to stress, targeting 35 surgical division clinicians and staff, and 119 residents across 3 projects in a large teaching hospital, with the goal of measuring burnout and identifying stressors for targeted high-impact improvement efforts. - Deployed Qualtrics surveys and analyzed quantitative and qualitative survey data using Excel. - Moderated or assisted with 11 in-person, remote, and hybrid focus groups. - Shadowed and interviewed 18 surgeons, residents, nurses and staff in clinics, pre-operative rooms, operating rooms, ICUs, emergency department trauma bays, workrooms, grand rounds etc. - Modeled data using affinity diagrams; impact-effort matrices and assisted or moderated in validation sessions wherein study participants could validate the data. - Designed infographics and reports using InDesign and PowerPoint to communicate recommendations to hospital leadership. - Published an article to ISE Magazine to disseminate information about the methods used. - Presented a poster to the UNC AMMI Conference to disseminate information about one of the projects, co-author on posters for other projects. - Screened 1620 abstracts using Covidence for a systematic literature review on gender differences in workplace factors contributing to clinician burnout.	Jan 2022 – Jul 2022

- Led a remote team of 4, distributed across the US and India, in front-end Windows desktop application development using Delphi, DevExpress and RAD Studio, and in end-to-end development of desktop web applications using HTML, CSS, JavaScript, PHP, MySQL and Apache.
- Worked closely with customers and/or customer support to understand user needs and used Balsamiq, PowerPoint and Photoshop to prototype solutions that enhance users' experiences.
- Trained team members and others in Delphi, DevExpress, InDesign, PowerPoint and Camtasia Studio so that they could expand their skills and improve their productivity.
- Wrote and reviewed user manuals, design documents and other publications to ensure accuracy and quality.
- Set up and administrated the company's Facebook, Twitter and YouTube accounts so that the company could establish a social media presence to disseminate the latest developments and innovations.
- Conducted, recorded, edited and published 10-50-minute-long live training webinars using GoToMeeting and Camtasia Studio so that product users were kept abreast of the most recent features.
- Networked and built relationships with customers and potential customers at the annual conferences to promote the company's reputation for innovation and excellence.
- Presented at the annual conference to keep the TPF user community apprised of updates and innovations.
- Organized the design, production and shipping of presentations and marketing materials for the annual conferences to maximize positive visibility of the company at the conferences.
- Represented TPF vendors (~10 companies) on the TPF Users' Group Board of Directors to ensure that the board was kept apprised of vendors' activities and to ensure that vendors' interests were represented to the board.

SKILLS & CERTIFICATIONS

Delphi, DevExpress, RAD Studio, WinCVS, PHP, MySQL, HTML, CSS, JavaScript, d3, Python, Word, Excel, PowerPoint, Camtasia Studio, InDesign, Photoshop, Illustrator, RStudio, Tableau, Big Query, Sciwheel, Zotero, Covidence, Polyglot, Qualtrics, Figma, Balsamiq

CITI certification: Human Research: Social and Behavioral Research, Level 1: Dec 28, 2024

HIPAA Privacy & Security Rule certification: Jun 17, 2026
